## A Note

We sincerely hope you're staying healthy and safe through this very challenging time. If you ask us, we can't wait to see you in person. May NAFSA? IACAC? A hotel lobby? the airport lounge? A High School Auditorium? as we discuss recruitment, travel and India! Our journey so far has been an incredible learning experience and without these key exchanges and moments, we just wouldn't be the same.

Yes - 2021 is going to be virtual. As we compose this report, India is at the world's centre for the second wave. Daily positive cases of over 300,000 make travel and on-ground recruitment out of question. We're doing our bit and working from home to break the chain and help our government with the health care crisis we currently face.

Our dedicated content portal [www.highschoolfairs.com](http://www.highschoolfairs.com) has grown! In just six months, we've hosted 100+ webinars, 8 virtual fairs and several *instalive* sessions. More than 100 universities, 130+ high schools, 2000+ high school students have given us a try and continue to do so! Our presence in India & Sri Lanka continues and we're excited to announce expansion plans to South Asia, South East Asia, Middle East & North Africa.

## #VirtualEvents Packages

You may be familiar with our **VirtualFairs**, **VirtualSessions** and **InstagramLive** Sessions. Now, we introduce a fourth vertical - **MiniFairs**. We've organised a few MiniFairs so far and plan to have many, many planned over the next eight months.

The idea to give you a package option is to optimise your planning phase. At this stage, you maybe evaluating your recruitment calendar for *Summer & Fall 2021*. ## #VirtualSessions

Want to increase brand visibility and connect with a dedicated audience? We think **VirtualSessions** is that product! Over the months, we've conducted over 100 Sessions and we can tell you that Universities love em!

**Session Description:** We recommend you present on a topic that is attractive to a larger audience. The one hour session should be broken down to "Topic: About Your University: Q&A" in a 2:1:1 Ratio. That way there is time open to discussing your university as well as answering potential questions. We're happy to hear an alternate format as well!

**Sample Topics:** "An American Mid-West Education", "Swiss = Hospitality"; "Portfolio Surgery"; "Liberal Arts Education"; "STEM Education & Advantages"; "Are you an Entrepreneur?"; "Education in the Emirates" and more. Still unsure? Talk to us!
